Get to know the new family of 2019 Florin banknotes and learn how to recognize an authentic banknote by its security features.

**FEEL**
High-Relief Printing: Feel the raised ink on the animal portrayed, the pattern of house symbols, CENTRALE BANK VAN ARUBA, the denomination and the signatures.

**TILT**
3D Moving Stripe: Tilt to see pulsing rays of the sun and the three dimensional droplet magnifying the stars beneath it.

**LOOK**
Color-Changing Ink: Tilt to see a wave effect of changing color from gold to green on the head of the Prikichi and denomination.

**EXAMINE**
Watermark: Look for the multi-tonal image of the Shoco combined with the CBA logo when held to the light.

See-Through Feature: Look for patterns on the front and reverse of the banknote to complete the denomination when held to the light.

Micro-Text and Images: Examine the banknote closely to reveal the text hidden in the design on the front and reverse of the banknote.

UV Printing: Examine the banknote under ultraviolet light to reveal the denomination, the (hidden) animals portrayed, and security fibers in three colors (blue, red and yellow) throughout the banknote.

Iridescent Stripes: Tilt to see the denomination and a flower motif in golden metallic color.
