I. Main economic indicators

Monetary developments

In March 2023, money supply expanded by Afl. 47.7 million to Afl. 5,675.4 million, compared to February 2023, resulting from an increase in net domestic assets (+Afl. 110.8 million) and a decrease in net foreign¹ assets (-Afl. 63.2 million) (See Chart 1).

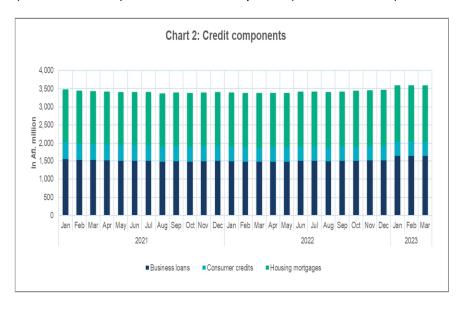

Source: Centrale Bank van Aruba

Money, as a component of broad money, surged by Afl. 78.7 million to Afl. 3,583.4 million, due to expansion in demand deposits (+Afl. 79.2 million), while money in circulation diminished (-Afl. 0.5 million). The growth in demand deposits resulted from deposits denominated in both foreign currency (+Afl. 42.4 million) and Aruban florin (+Afl. 36.8 million). Quasi-money dropped by Afl. 31.1 million to Afl. 2,092 million, due to a decrease in time deposits denominated in Aruban florin (-Afl. 42.7 million). In contrast,

savings denominated in Aruban florin increased (+Afl. 11.0 million), while both time and savings deposits denominated in foreign currency remained unchanged.

The development in the domestic component of the money supply was caused by increases in non-credit-related balance sheet items (+Afl. 83.8 million) and domestic credit (+Afl. 27.1 million). The rise in domestic credit was due to higher net claims of the banking sector on the public sector (+Afl. 28.7 million) and lower claims of the banking sector on the private sector (-Afl. 1.6 million). The rise in net claims of the banking sector on the public sector was the result of a contraction in government deposits (-Afl. 28.5 million). The contraction in claims of the banking sector on the private sector (Chart 2) resulted from a decrease in consumer credit (-Afl. 7.9 million) and increases in both housing mortgages (+Afl. 4.9 million) and loans to enterprises (+Afl. 1.4 million).

¹ Excluding revaluation differences of gold and foreign exchange holdings.

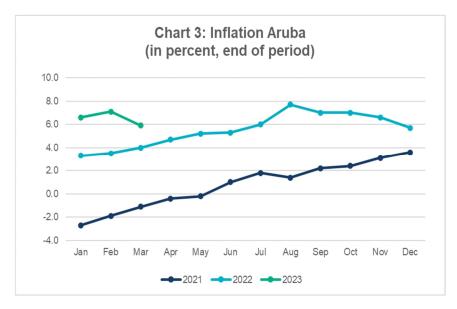

In March 2023, the drop in net foreign assets of the banking sector was due to net sales of foreign exchange of Afl. 406.2 million to the public, mainly associated with payments for goods imports, interest, dividends, and other services. These were largely offset by net purchases of foreign exchange of Afl. 343.0 million from the public, mostly related to foreign exchange revenue from tourism service exports (Table 1).

Table 1. Change in Net Foreign Assets (NFA) March 2023

Inflation

The consumer price index (CPI) for March 2023 noted a 5.9 percent rise year-over-year (YOY), compared to a 7.1 percent increase (YOY) for February 2023 (Chart 3).

Source: Centrale Bank van Aruba

The main contributors to this increase were the "Housing," "Transport," and "Food and Non-alcoholic Beverages" components. In addition, the components "Restaurants and Hotels," "Household Operation," "Miscellaneous Goods and Services," "Health," and "Recreation and Culture," also noted an uptick. The components "Communication" and "Clothing and Footwear" noted decreases, while the other components remained

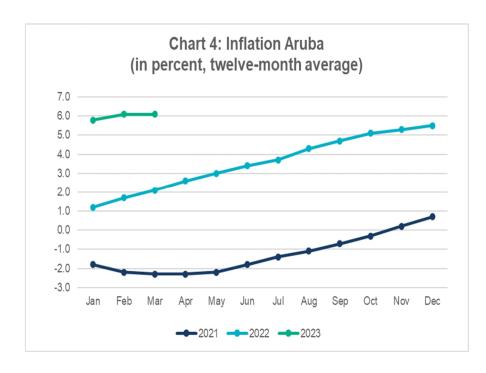

E-mail: statistics.department@cbaruba.org Website: www.cbaruba.org

unchanged. Furthermore, by excluding the effect of food and energy², the core CPI rose by 2.4 percent (YOY) (Table 2).

² Partly affects the housing and transport components.

Government

Total government revenue amounted to Afl. 104.3 million in March 2023, Afl. 18.0 million more than the same month of the previous year.

The expansion in government revenue resulted from an increase in tax revenue (+Afl. 21.3 million) and a decrease in nontax revenue (-Afl. 3.3 million).

The growth in tax revenue was mainly driven by the expansion in income from turnover tax (B.B.O./B.A.V.P.) (+Afl. 9.8 million), hotel room tax (+Afl. 6.5 million), profit tax (+Afl. 3.5 million), and foreign exchange tax (+Afl. 1.8 million), as well as import duties (+Afl. 1.2 million).

Tourism

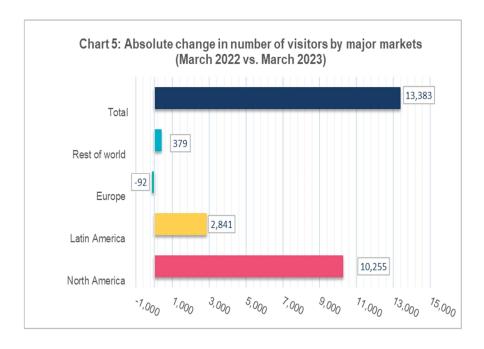

The number of stay-over visitors amounted to 109,295 in March 2023, which was 13,383 visitors (+14.0 percent) more than in March 2022.

The North American market and the Latin American market increased by 10,255 visitors (+12.4 percent), and 2,841 visitors (+56.5 percent), respectively. In contrast, the European market fell by 92 visitors (-1.5 percent).

The surge in the North American market resulted from more arrivals from the United States (+6,863 visitors or +8.8 percent) and Canada (+3,392 visitors or +83.2 percent). The rise in the arrivals from the Latin American market was primarily due to more arrivals from Colombia, Argentina, and Ecuador, while the drop in the

European market was mostly driven by less arrivals from the Netherlands.

In the month under review, the total number of nights spent in Aruba, as indicated by the visitors, increased by 12.4 percent to 750,407 as compared to the corresponding month for the year 2022. The average intended night stays experienced a decrease from 7.0 nights in March 2022 to 6.9 nights in March 2023. The number of cruise visitors amounted to 114,504 in March 2023 and the number of ship calls was 44.

^{*} The monetary survey consolidates the accounts of the Centrale Bank van Aruba, the commercial banks and the Government related only to the issuance of components of the money supply, i.e., coins and treasury bills. This survey shows the financial relationship between the monetary sector, whose liabilities include the money supply, and other sectors of the economy.

^{**} Gross claims include loans granted as well as government bonds in the hands of the monetary sectors and claims resulting from the issuance of treasury bills, cash certificates, and coins.

^{***} Revaluation differences of gold and official foreign exchange holdings are excluded in order to approximate the net import of foreign funds by the nonmonetary sectors.

¹⁾ The Diversification Index measures the concentration within the tourist market, and thus demonstrates the degree of diversification by tourist origin countries. The higher the index, the higher the level of concentration, meaning less diversification. For further reference on the methodology (which is an application of a Herfindahl-Hirschman index) see the Quarterly Bulletin (2011-I) of the CBA.

Source: Aruba Tourism Authority/Central Bureau of Statistics/Aruba Hotel and Tourism Association/Cruise Tourism Authority.

²⁾ Tourism credits is compiled from transactions in foreign currency, traveler's checks, and credit cards, as reported by the foreign exchange banks.
