Our turtles.

They choose Aruba's beaches as a safe haven;

They choose Aruba's beaches as their breeding ground;

They connect and communicate through vocalizations and body language.

Their slow and steady pace represents resilience and endurance.

Quarterly Tables Government Sector 2025-I

## General note to the tables

Figures in the tables are quoted in millions of Aruban florin (Afl.), unless otherwise stated. The sum of separate items may differ in the final digit from the total shown, due to rounding.

Data are subject to revision if additional information becomes available.

The following symbols and conventions are used throughout the tables:

blank: not available

0.0: nil

(d): discontinuity in the series; this sign will be accompanied by an explanatory note in the back section of the report.

p: provisional data

## Explanatory notes to the tables

### Table 7.1 Government financial operations

This table provides a summary of the financial operations of the government on a cash basis, including imputed noncash transactions such as the transactions related to the hotel guarantee issue and the APFA debt conversion.

The government, as defined by the CBA, comprises all departments, including the Department of Public Works (DOW), “Landsbedrijf Ontwikkelingsprojecten” (LOP) and the Fondo Desaroyo Aruba (FDA). Thus, excluded are the social security sector, which comprises mainly the Social Security Bank (SVB) and the General Health Insurance (AZV).

In December 2004, following the approval by the Parliament of Aruba of the privatization of the civil servants pension fund, APFA, an agreement between the government and the APFA was reached on a debt conversion pertaining to existing payment arrears in premiums and cost of living allowances and private loans extended by the APFA to the government. The conversion consisted of a 12-year bond and a 35-year annuity loan, while a small part will be settled against future tax liabilities of APFA to the government.

The government finance data for the period between 1992 and 2003 were also revised to include the government’s debt assumption, including a debt forgiveness, related to the hotel guarantees issued in the past.

#### *Revenue and grants*

Comprise receipts recorded by the Tax Collector’s Office, the Department of Finance and the CBA. Tax and nontax revenues are

classified according to the nature of the base on which the tax is levied or the kind of action which creates the obligation concerned. Grants are unrequited, nonrepayable, non-compulsory receipts from other governments or international institutions. Grants and debt forgiveness are also included in nontax revenue.

#### *Expenditure*

Comprises expenditures recorded by the Department of Finance, and the Fondo Desarrollo Arubano (FDA).

#### *Lending minus repayments*

This category covers government payments leading to financial claims upon others or to government equity participation in the ownership of enterprises, minus receipts reducing or extinguishing such claims or equity holdings undertaken for public policy purposes.

#### *Net financing*

Net financing comprises net foreign capital, nonbank domestic capital, and the net recourse to the monetary system of the government.

#### *Net foreign capital*

Includes net-borrowing on behalf of public institutions, bonds issues and private placements on international markets.

#### *Net domestic capital*

Includes net-borrowing from nonmonetary sectors, mainly by issuing government bonds and the reclassification of the debt settlement mentioned in the heading expenditure.

#### *Net recourse to the monetary system*

Includes commercial banks loans to the government, purchases of government bonds by those banks, drawing on governments' deposits and treasury bills issue.

#### *Memorandum items*

The unmet financing requirements comprise all registered payment obligations to other sectors, irrespective of the time frame in which they mature. The financial deficit under this heading includes the change in the unmet financing requirements.

### **Table 7.2 Government revenue**

This table provides a detailed overview of the total government revenue, subdivided into taxes, nontax revenue and grants.

In March 2003, a debt forgiveness amounting to Afl. 171.7 million granted by the Italian export credit insurer, SACE, to the government as part of the settlement of the hotel guarantees issued in the past was classified as a capital transfer and registered in the item other nontax revenue.

### **Table 7.3 Government position with the monetary system**

This table covers the government's financial position with the CBA and the commercial banks. It gives an overview of the government's deposits with the CBA and the local commercial banks and its liabilities to the monetary authorities and local commercial banks.

#### Table 7.4 Outstanding government debt

Table 7.4 gives a detailed overview of the outstanding government debt based on information provided by the Department of Finance, the APFA and the CBA. The total debt, excluding the outstanding government guarantees, is divided into a domestic and a foreign debt component. The domestic debt comprises negotiable and non-negotiable debt, which is further divided into short and long term. The foreign debt, valued at end-of-period exchange rates, includes

the debt to the Netherlands, the European Investment Bank, the United States and a residual category, comprising among others the Netherlands Antilles. With regard to the latter, governments bonds held by nonresidents are also included.

Data on outstanding government debt for the period between 1992 and 2003 were revised to reflect the government's debt assumption related to the hotel guarantees issued in the past.
